With GSC you will live among the local Cambodian people, assist on important community development projects, and truly immerse yourself in the surrounding culture. In addition, the first week abroad includes cultural orientation and training to help prepare you for your project. Our trips are designed for adventurous travelers and responsible citizens who desire an in-depth cultural experience while also giving something back to the communities they visit. GSC offers 5 unique programs in the fields of [Buddhist Immersion](#), [Teaching English](#), [Global Public Health](#), [Children and Orphanage Care](#), and [Community Development and Youth Leadership Training](#). There is also an option to combine two or more programs if you are interested in several different fields through our [Integrated Program](#).

Are you a student interested in receiving college credit? There are several different options: You can participate in either our [9-credit summer program](#) or our [15-credit fall or spring semester program](#). Not interested in a semester program? No problem! You can still receive [independent study](#) college credit through your own university or our partner university, UAlbany (SUNY).

Are you a current AmeriCorps member or alum looking to use your Segal Education Award to travel and volunteer abroad? Use it on a GSC Cambodia program! Through UAlbany (SUNY), GSC accepts the Segal Education Award so AmeriCorps alums can continue on their service path abroad.
